SUMMARY

Dedicated and results-oriented Flutter Developer with a solid foundation in Computer Science and professional experience in building scalable mobile applications. Proficient in Dart and the Flutter framework, with a deep understanding of Clean Architecture and advanced state management (BLoC, Riverpod, Provider). Proven track record of delivering high-quality Android and iOS applications, integrating complex REST APIs, and managing local databases. Committed to writing clean, maintainable code and optimizing app performance for seamless user experiences.

WORK EXPERIENCE

Flutter Developer, Digital Base **Feb 2025 - Present**

- Lead the development and maintenance of cross-platform mobile applications using Flutter and Dart for both Android and iOS.
- Implement complex state management solutions using BLoC, Riverpod, and Provider to ensure robust and predictable app behavior.
- Architect applications using Clean Architecture principles to improve code maintainability and scalability.
- Successfully integrated REST APIs, secure authentication flows to facilitate seamless transactions.
- Utilized Firebase for real-time data syncing and Hive/Shared Preferences for efficient offline storage and local caching.
- Managed the end-to-end deployment process for the Google Play Store and Apple App Store.

Intern Software Engineer, Meta Team Myanmar Co., Ltd **3 Months (2024)**

- Contributed to enterprise-level solutions focusing on C# development and Database management.
- Collaborated with senior developers to optimize database queries and improve system backend logic.
- Demonstrated high performance and technical aptitude, resulting in a formal permanent job offer upon completion of the internship.

Technical Assistant / Instructor **Prior to 2024**

- Served as a Computer Instructor, teaching foundational programming and IT skills to students.
- Gained diverse technical problem-solving experience through roles in mobile device repair and digital services.

EDUCATION

Bachelor of Computer Science (B.C.Sc.) **Graduated 2024**

University of Computer Studies, Myeik

- Major in Computer Science
- Graduated with Distinction and qualified for the Master of Computer Science program.

ADDITIONAL INFORMATION

- **Technical Skills:** Flutter & Dart (Expert), Clean Architecture, State Management (BLoC/Riverpod), API Integration (Dio/Retrofit), Firebase, Local DB (Hive/Sqflite), C#.
- **Languages:** Myanmar, English, Japan
- **Awards/Activities:** Received multiple awards for Flutter app development during university projects and hackathons. Currently teaching a free Dart programming course to support the local developer community.
